STUDENTS LEADING THE BULLYING PREVENTION MOVEMENT

## Take the WE WILL Pledge

Bullying is an issue that directly impacts children and youth every day. Today's generation of students is ready to take action and uniquely positioned to prevent and stop bullying.

### I Pledge to Join the WE WILL Generation

#### WE WILL be the generation to:

- Own this issue and be the solution
- Make sure every individual knows that they matter
- Reach out to peers and let them know that they aren't alone
- Establish a supportive community that unites in action
- Change the negativity that has impacted so many for so long
