Notice of Privacy Practices

Minnesota Department of Human Services

(Effective Date: March 1, 2011)

This notice tells how medical and other private information about you may be used and disclosed and how you can get this information. Please review it carefully.

Why do we ask for this information?

- To tell you apart from other people with the same or similar name
- To decide what you are eligible for
- To help you get medical, mental health, financial or social services and decide if you can pay for some services
- To make reports, do research, do audits, and evaluate our programs
- To investigate reports of people who may lie about the help they need
- To decide about out-of-home care and in-home care for you or your children
- To collect money from other agencies, like insurance companies, if they should pay for your care
- To decide if you or your family need protective services
- To collect money from the state or federal government for help we give you.

Why do we ask you for your Social Security number?

We need your Social Security number (SSN) to give you medical assistance, some kinds of financial help, or child support enforcement services (42 CFR 435.910 [2006]; Minn. Stat. 256D.03, subd.3(h); Minn. Stat.256L.04, subd. 1a; 45 CFR 205.52 [2001]; 42 USC 666; 45 CFR 303.30 [2001]). We also need your SSN to verify identity and prevent duplication of state and federal benefits. Additionally, your SSN is used to conduct computer data matches with collaborative, nonprofit and private agencies to verify income, resources, or other information that may affect your eligibility and/or benefits.

You do not have to give us the SSN:

- For persons in your home who are not applying for coverage
- If you have religious objections
- If you are not a U.S. citizen and are applying for Emergency Medical Assistance only
- If you are from another country, in the U.S. on a temporary basis and do not have permission from the U.S. Citizenship and Immigration Services (USCIS) to live in the U.S. permanently
- If you are living in the U.S. without the knowledge or approval of the USCIS.

Do you have to answer the questions we ask?

You do not have to give us your personal information. Without the information, we may not be able to help you. If you give us wrong information on purpose, you can be investigated and charged with fraud.

With whom may we share information?

We will only share information about you as needed and as allowed or required by law. We may share your information with the following agencies or persons who need the information to do their jobs:

- Employees or volunteers with other state, county, local, federal, collaborative, nonprofit and private agencies
- Researchers, auditors, investigators, and others who do quality of care reviews and studies or commence prosecutions or legal actions related to managing the human services programs.
- Court officials, county attorney, attorney general, other law enforcement officials, child support officials, and child protection and fraud investigators
- Human services offices, including child support enforcement offices
- Governmental agencies in other states administering public benefits programs
- Health care providers, including mental health agencies and drug and alcohol treatment facilities
- Health care insurers, health care agencies, managed care organizations and others who pay for your care
- Guardians, conservators or persons with power of attorney
- Coroners and medical investigators if you die and they investigate your death
- Credit bureaus, creditors or collection agencies if you do not pay fees you owe to us for services
- Anyone else to whom the law says we must or can give the information.

We may disclose your health information to a record locator service. This can help health care providers find health plans and other health care providers that have health information about you. The health care provider can then get that information to help make better decisions about your treatment. If you prefer not to be included in the record locator service, you may “opt out” by contacting the Minnesota Health Information Exchange service desk at (888) 329-5270 (voice), (888) 303-1012 (fax), or (888) 341-4487 (TTY).

What are your rights regarding the information we have about you?

- You and people you have given permission to may see and copy medical or other private information we have about you. You may have to pay for the copies.
- You may question if the information we have about you is correct. Send your concerns in writing. Tell us why the information is wrong or not complete. Send your own explanation of the information you do not agree with. We will attach your explanation any time information is shared with another agency.
- You have the right to ask us in writing to share health information with you in a certain way or in a certain place. For example, you may ask us to send health information to your work address instead of your home address. If we find that your request is reasonable, we will grant it.
- You have the right to ask us to limit or restrict the way that we use or disclose your information, but we are not required to agree to this request.
- You have the right to get a record of some of the people or organizations with whom we have shared your information. This record was started on April 14, 2003. You must ask for a copy of this record in writing to our Privacy Official.
- If you do not understand the information, ask your worker to explain it to you. You can ask the Minnesota Department of Human Services for another copy of this notice.

What are our responsibilities?

- We must protect the privacy of your medical and other private information according to the terms of this notice.
- We may not use your information for reasons other than the reasons listed on this form or share your information with individuals and agencies other than those listed on this form unless you tell us in writing that we can.
- We must follow the terms of this notice, but we may change our privacy policy because privacy laws change. We will put changes to our privacy rules on our website at: <http://edocs.dhs.state.mn.us/lfsrver/Public/DHS-3979-ENG>

What privacy rights do children have?

If you are under 18, when parental consent for medical treatment is not required, information will not be shown to parents unless the health care provider believes not sharing the information would risk your health. Parents may see other information about you and let others see this information, unless you have asked that this information not be shared with your parents. You must ask for this in writing and say what information you do not want to share and why. If the agency agrees that sharing the information is not in your best interest, the information will not be shared with your parents. If the agency does not agree, the information may be shared with your parents if they ask for it.

What if you believe your privacy rights have been violated?

You may complain if you believe your privacy rights have been violated. You cannot be denied service or treated badly because

you have made a complaint. If you believe that your medical privacy was violated by your doctor or clinic, a health insurer, a health plan, or a pharmacy, you may send a written complaint either to the county agency, the organization or to the federal civil rights office at:

Rights and Responsibilities Immigration

Immigration information you give to us is private. We use it to see if you can get coverage. We only share it when the law allows it or requires it. In most cases, applying will not affect your immigration status unless you are applying for payment of long term care services.

You do not have to give us your immigration information if you are:

- Applying for emergency medical care only.
- Helping someone else apply.
- Living in the United States without the knowledge or approval of the United States Citizenship and Immigration Services (USCIS) and are pregnant.
- Not applying for yourself.

You Have the Right to Fair Treatment

We cannot treat you different because of your race, color, national origin, creed, religion, disability, sex, sexual orientation, and public assistance status. If you feel the state or local agency did not treat you fairly, you can file a complaint with any of the following places:

- Minnesota Department of Human Services
Office for Equal Opportunity
PO Box 64997
St. Paul, MN 55164-0997

Following the rules

People who are enrolled in Minnesota Health Care Programs must follow the rules listed below:

- Do not give false information or hide information to get or continue to get coverage.
- Do not trade or sell your membership cards.
- Do not help others get medical services that you know they should not get.
- Do not use someone else's membership card for yourself or other household members.

If you break the rules you may not be able to keep your coverage. If you get coverage through MinnesotaCare for adults without children and break the rules, you may have your coverage stop for one year the first time; for two years the second time; and forever after the third time. You can also be prosecuted for fraud if you break the rules. Additional fines and penalties may apply.

Child Support

If you are applying for yourself and your children and you do not live with the other parent, the law says you may have to give information to child support staff. This includes helping the state prove who the father of your children is and getting the other parent to help pay the children's medical expenses. Your children will still get coverage if you do not help child support, but you may not get coverage unless you are pregnant.

If you are afraid the other parent may cause harm to you or your child, you can give proof to support your fears. We will review your proof and tell you if you still need to give information about the other parent.

Reviews

The state or federal office may look at your case. They will review the information you gave us and check to make sure we did your case correctly. They will let you know if they need to ask you questions. If you do not answer their questions, your coverage may stop.

Other Health Care

You and your household members may need to accept and keep a health insurance policy. This includes Medicare. If you do not give us information about your policy, you may not get coverage.

Liens and Estate Claims

The state or county may try to recover the cost of medical services paid by Medical Assistance (MA) or General Assistance Medical Care (GAMC). The state may file a claim against your estate, against the estate of your surviving spouse or file a lien against your ownership interest in real property if you received:

- GAMC at any age.
- MA when you were over age 55.
- MA at any age if you lived in a long term care facility for six months or more.

Liens can be filed against:

- Your life estate interest in real property.
- Real property you own by yourself.
- Real property you own with someone else. If you own property with another person, the lien is only against your share.

You should talk to your lawyer or advisor if you have questions.

Changes

You must report changes to your worker within 10 days of the change happening. If you do not report changes, you may have to pay money back to the State for what we paid if you were not eligible.

If you are not sure if you should report a change, call your worker and explain what is happening. Examples of changes you need to report include:

Income:

- Starting a new job, changing jobs or stopping a job.
- Starting to get or changes in the amount of other income you get such as Social Security, other retirement income, child support, unemployment or workers' compensation.

When you:

- Sell your home.
- Move to a new address.
- Get an inheritance or a settlement.
- Transfer or give away assets or income.

When someone in your household:

- Starts to get health insurance or Medicare.
- Becomes pregnant or has a baby.
- Moves in or out of your home.
- Dies, gets married or gets a divorce.
- Becomes disabled.
- Starts or stops school.
