Understanding the Individualized Family Service Plan (IFSP) and the Individualized Education Program (IEP)

A free PACER workshop for parents
of young children with disabilities

The Individuals with Disabilities Education Act (IDEA) requires states to provide certain services to eligible children with developmental delays or disabilities. This workshop will help parents of young children understand the essential components of the IFSP and the IEP.

Participants will learn about:

- The different criteria for early intervention and preschool services
- Timelines for the evaluation process
- Writing measurable goals
- Families' rights within the special education process
- How to resolve differences

This event is offered in collaboration with the Roseau County Early Intervention Coalition. It is sponsored by PACER's Family Information and Resources Project and is made possible with a grant from the Minnesota Department of Education. The source of the funds is from federal awards, Special Education-Part B 619 and Part C.
