**Welcome to the FAST Project!**  
PACER's National FAST (Family Advocacy and Support Training) Project will provide family support leadership training to families of children with disabilities in fifty states and territories. A primary emphasis will be reaching underserved families from all geographic regions.  
"PACER, a national nonprofit organization in Minneapolis, MN will partner with Parent Centers and many national organizations to accomplish goals of the project."  
This project is funded by the Administration on Developmental Disabilities (ADD)
